Ask your adult to read the title at the front of the book and think about a haircut experience you or an adult have had. **Pick two or three** questions to guide the discussion - you don't have to ask them all: Where and when did you have your first haircut? When and where was your last haircut? **Look at the front cover.** What is happening? What do you think will happen in the story? Who needs a haircut?	Look at each picture and have a chat about them. **Pick two or three** questions to guide the discussion - you don't have to ask them all: Why couldn't mum cut Kipper's hair? What can you see in the picture? What is happening in the picture? What do you think might happen next? Has something like this ever happened to you? Where did Kipper go to get his haircut?	Talk about what happened in the story. **Pick two or three** questions to guide the discussion - you don't have to ask them all: How did Dad and Kipper feel about their haircuts?
