

ROUTE 1

Inshes park

This route is from the school door up to Inshes park parking so parents could drop their children off and walk down. There are no crossings from the school door to Inshes park car park, so that makes it the safest route.

-ROUTE 2- Inshes Retail Park

This is the route from the Inshes retail park parent and child parking spots to the main school door. There is 1 traffic light, 1 zebra crossing and one open road that is not really busy. We as JRSOs would highly recommend this route as it is a safe way to walk the rest of the way to school.

-Route 3-

Inshes retail park

Distance
0.8 km

Time
8 minutes

This route is from the Inshes retail park parent and child parking round the back of McDonalds until the school main door.

There are two zebra crossings, two traffic lights and an open road that isn't that busy.

This is a route that you may think of choosing.
