

The Rights from the UNCRC we focused on today:

World Environment Day

Let's plant the seeds and clear the way
For a cleaner Earth this Environment Day
Recycle, Reuse, don't throw away
It's time to change so start today
Little acts go a long long way!

by Amelia Macdonald and Ella Maclean (P4)

Inshes Primary School
Open Afternoon
Friday 6th June 2025

Goldie the Globe is standing with two of the Global Goals for Sustainability. As a school we want to focus on these goals to help us make our world a better place for all.

We have been learning about taking action and making changes to help our environment both locally and globally. The Rights Respecting Team has been working with the JRSOs on an advocacy project, "Our Rights, Our Car Park, Our Cause!" to make our car park safe, accessible to those who need it and to reduce pollution.

We would like to invite you today to learn about how we can all help our environment by committing to make changes!

Open Afternoon Information

1. Our Learning

Come along to your child's classroom to see what they have been learning. The children will share something they are proud of with you! 😊

2. RRS Ambassadors & JRSOs Environment Stalls

Take a wander with your child to the school hall to the Environment Stalls run by our RRSAs and JRSOs.

If you have more than one child attending the school, you can take them together if you wish. Just let the teachers know.

3. Seed Station!

Head to our Seed Station outside in the playground. Have a look at the different seeds and plants you can grow and plant something together!

4. Make a Pledge!

Find our tree display and choose a leaf to write an environmental pledge on. An action no matter how small can make a **big impact** on our planet!

5. Outdoors

Spend some time together in our **Outdoor Areas!** Go for a walk, play on the **Adventure Playground**, take a trip through the **trees** and come see our **Outdoor Classroom** too! 😊

Primary 1 parents - You are invited to come and see how our **Small Garden Project** is progressing.

Rights Respecting Team News!

RRS & JRSO Campaign

We hope you have seen our posters and have supported our campaign for a **safe, accessible, and unpolluted** car park. We really appreciate you parking somewhere else and walking or wheeling to school

ABCDE of Rights

Keep an eye out on your travels today for our **ABCDE of Rights** Posters. Members of the RRS Team got together to make the letters for an awesome design!

Our Charters & KRIB Displays

Look out for our **RRS Charters** around the school. Our charters help us to ensure the pupils have access to their rights and promote positive interactions between pupils and staff.
